# Flexi-Coil Dealer of the Year!

We were recently named 2024 Flexi-Coil Dealer of the year at the CNH Dealer Conference in Sydney, we are extremely proud of this award.

A big thank you to all our Flexi-Coil customers for their ongoing support & we look forward to continuing to work with you now & into the future. To our knowledgeable team here at RRAS for their hard work & dedication to the brand. We also thank the Flexi-Coil team in Mannum for their backup support & assistance.

Flexi-Coil rep James Travis, RRAS Dealer Principal Lynton Smart, Flexi-Coil rep Andrew Kissel.

# Service Department

We have recently appointed Scott Washington as our new Workshop Supervisor, Scott previously worked in our Assembly area.

As we approach the busy time of seeding there is some confusion over who to speak to in the Service Department regarding breakdowns, Guidance issues etc.

Please don't forget about our dedicated Precision Ag Support Line for all your Precision Ag Issues, this should be your first port of call, please avoid ringing any of our Service Staff direct. This service is provided to all RRAS customers and you can either call or text to the Support Line for assistance.

*Service Administrator Tanya Hick & Workshop Supervisor Scott Washington.*

For any other Service issues including breakdowns, tractor services, air conditioner re-gassing, tillage & seeding repairs, boomspray issues etc please phone our main office number 86362772 & you will be put through to the Service Department. Tanya (Service Administration) or Scott will help you with your enquiry, while Scott is finding his feet with his new role please be patient and understanding.

We can make hydraulic hoses from 1/4" all the way through to 1" braid, using quality genuine Ryco hose & fittings!

**RYCO**

# Air Seeder Hose Available!

We are stocked with Air Seeder hose, ranging from 1" & 1 1/4", 50mm, 63mm, 75mm.

**Air Seeder Ducting is also available.**  
Speak to the Parts Team for more information.

## Ultrasafe Filters - Protecting Aussie Farmers for over 30 years!

We are suppliers of Ultrasafe Filters!

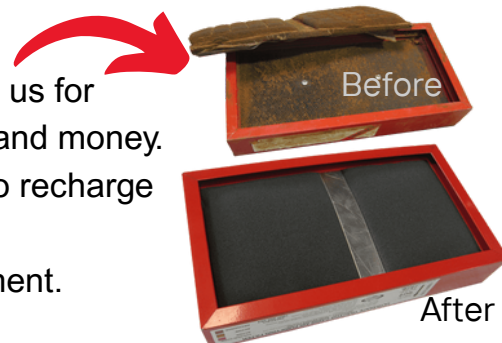

Ultrasafe design and manufacture air filters to protect machinery operators from chemical sprays. Their range includes over 1,500 models of activated carbon filters for tractor cabins, dust filters etc.

Ultrasafe Activated Carbon Filters are designed to effectively absorb toxic matter from air that passes through the air-conditioning systems of tractor cabins & other vehicles working in hazardous environments.

Once used, your filter can be returned to Ultrasafe by us for recharging. This 24-hour express service saves you time and money. DIY Kits are also available for most filters, enabling you to recharge your filter on farm.

For more information speak with the Parts Department.

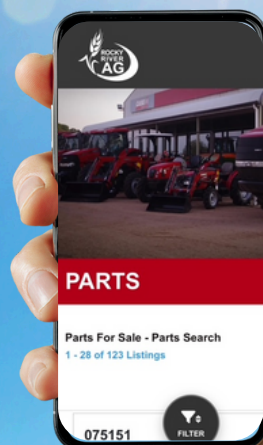

## DID YOU KNOW?

**That we have one of the largest ranges of A & B Section V-Belts in the Mid North!**

# All things Grainline!

Grainline has been taking the strain from moving your grain since 1979! Australian made quality products available from RRAS.

Grainline is known for their range of top quality augers, transportable, mini mobile, pencil, side shift augers, there is something in the range to suit your needs. Speak with our Sales Team for more information.

**Currently in stock we have GMP1050V & GMP1043V Augers, ready for delivery.**

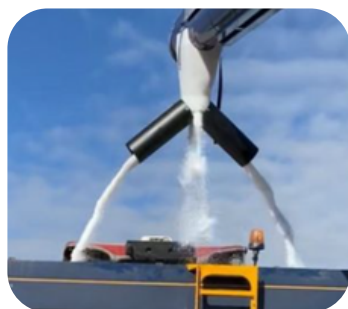

Grainline Feed Out Trailers are available as 2.5 tonne (30 bag) & 4 tonne (50 bag). Additional options include Scales, Additive box, or trough auger.

*Grainline Side Shift Auger*

Remote Control Grain doors are another popular product from Grainline. Grainline have created an easy one man operation, reducing the risk of scrambling up and down from your air seeder. With the push of a button you can remotely control the flow of materials. Available as single, double or Triple Door.

Don't forget about the Grainline range of Grain Hoppers, coming in all shapes and sizes. Down spouts in 8" & 11" are also currently in stock as well as Fertiliser splitters.

*Remote Controlled Grain Door*

For more information on Remote control Grain Doors, hoppers or down spouts please speak with the Parts Department.
